HOW TO MIRROR A LAPTOP IN THE IBC CONFERENCE ROOMS.
1. Turn power on the panel.

2. Now that it is on, touch anywhere on the panel to take it out of sleep mode.
3. To begin mirroring from your laptop tap on the **Table Jack** icon.

4. Connect your **VGA** cable to both your Laptop and the **Table Jack**.
5. Ensure that the other end of the VGA cable is securely connected to the Table Jack.

6. Power on your Laptop.
7. Your screen on the laptop should populate on the display.
