You can resume learning your language by clicking its icon located on the upper left corner of the screen.

Now that you’ve entered your language and group, it is now time to install the Mango Languages app on your iPad. Open your iPad and launch the App Store. Search for **Mango Languages**, then tap **GET**.
Once the Mango Languages app is installed, log in. The iPad app is a great way to learn lessons and practice anywhere you like! 😊 In this example, we are in **Unit 1** and will get started with **Chapter 1**.

You can also practice your sentence structure and accent using your iPad’s built-in microphone.

* **Please note:** You can always access lessons from the app, computer, or iPad browser, but can only complete Chapter Quizzes from computers or your iPad browser.
In the screenshot below, notice how the Chapter Quiz is not available on the app? We only see the Chapter Lessons, Listening, Reading and Recap.

All Chapter Quizzes must be done from a computer or iPad browser, because they’re not available via the iPad’s app. In the screenshot below, notice how we see the Chapter Quiz?

You can complete chapter quizzes more than once to ensure you score correctly.

Happy learning!
