

How to Reset Your MyLynn Password

******NOTE ****** Make sure that if you change your password you will need to also change your password on any mobile device that has your email associated with it. For example, your Lynn University provided iPad or your mobile phone, if you configured email on that device.

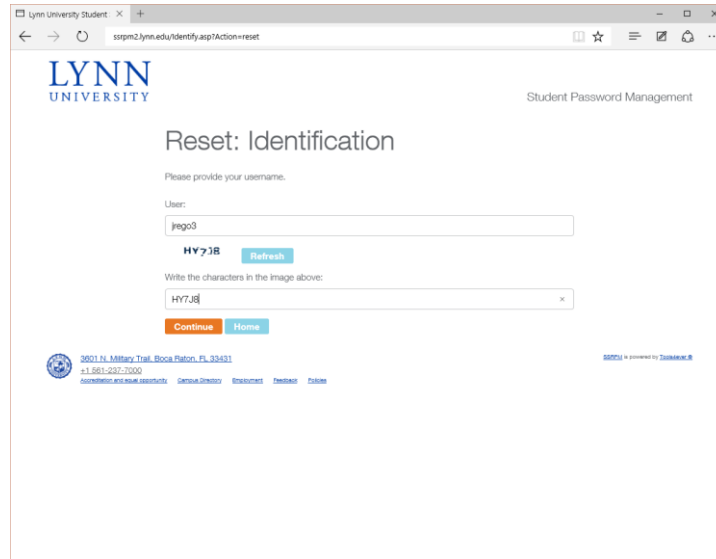

1. Go to <https://my.lynn.edu>
2. On the top right hand corner click on Reset Password Student
3. You will be redirected to a page like below. Click the Reset your password link

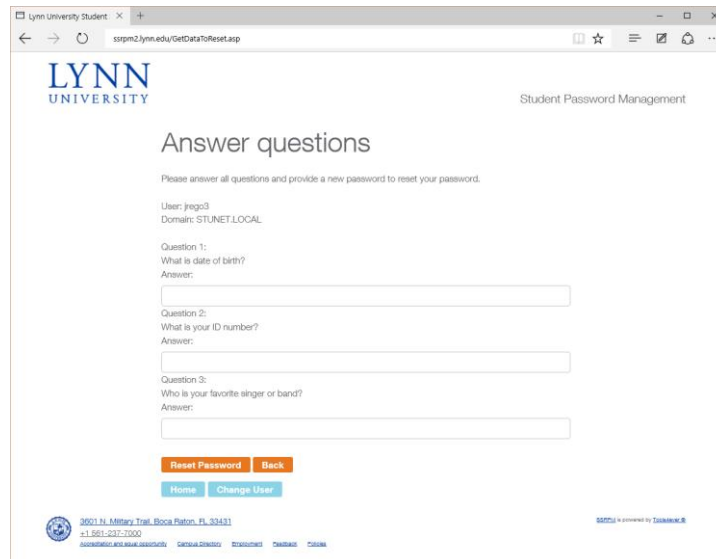

4. You will then be taken to a page like below

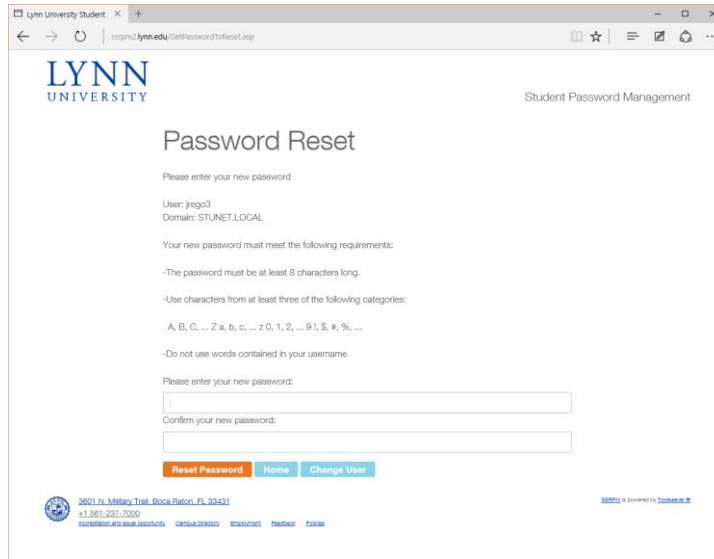

5. Enter your myLynn username and type the security phrase as shown in the image and click continue

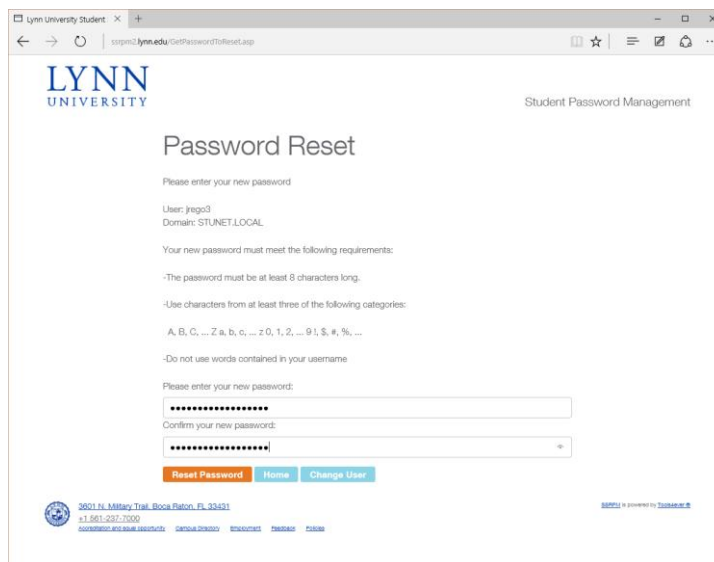

6. You will then be directed to a page like below. Answer the questions and click Reset Password. Be sure to read the instructions at the top of the page detailing the format for the Date of Birth.

7. You will then be redirected to a page like below to enter your new password.

8. Enter your new password. Please read the recommendations for how you create your password that are listed on the page. Then click the Reset Password button.

9. Congratulations! You have now reset your password successfully. You will be redirected to a page like below.

******NOTE ****** Make sure that if you change your password you will need to also change your password on any mobile device that has your email associated with it. For example, your Lynn University provided iPad or your mobile phone, if you configured email on that device.
