Now that you know how to back up your iPad to either the cloud or iTunes, you can now erase the content from your iPad. Follow these simple steps and you will have your iPad restored for factory settings in minutes.

1. Tap on **Settings** on the home screen on your iPad.

2. Tap on **iCloud**.
3. Tap on **Sign Out** of iCloud, you will then see a pop up that would confirm that you will sign out.

4. Now that you have successfully signed out, another pop up will ask if you would like to delete the account from the iPad, tap on **Delete from My iPad**.
5. Now enter your **Apple ID password** to turn off Find My iPad feature and tap on **Turn Off**.

6. While you are still in settings, tap on **General**.
7. Tap on **Reset**.

8. Tap on **Erase All Content and Settings**.
9. You will see pop up asking if you are sure that you would like to continue. Tap on **Erase**.

10. You will be prompted to enter your passcode, then tap on **Done**.
11. Another prompt to **Erase** the iPad will pop up, Tap on **Erase**, and then confirm that you are sure on the pop up that follows by tapping **Erase** again.

Congratulations! Your iPad has now been erased and restored to factory settings.
